Diesel, Blend				

Bids shall apply for one year after bid opening, however, the Chippewa County Road Commission may terminate agreements with apparent low bidders anytime after 90 days, if the set price indicated above is changed without prior notification and approval by the commission. Each delivery invoice must indicate the rack location used and the rack price paid on the day of delivery. Invoice must also include contact information for the rack location used. OPIS reports may be used as an alternative as long as all information requested above is provided. If it is determined that vendors are not adding the proper cost as bid to the delivered rack price any, or all products shall be re-bid and new vendor assignments shall be made.
